Questions

Operations & Maintenance

Operations and Maintenance

- Rains From Heavens
- Pump pit update

Rains from Heaven

- A coating to help protect the feature and reduce pressure washing was applied in July 2020 removal occurred by the vendor on September 1, 2021 due to below performance expectations.
- River Authority staff is evaluated options to relocate the waterfall feature to beneath the stainless-steel panels to eliminate constant water flow over the panels- currently under design.
- The look and sound of falling water will remain
- The scrim will be put back up behind the feature to depict the night sky

Pump Pit Update

- Cracks and stress fractures have been observed by River Authority staff on the vertical outlet pipes in the pump pit.
- As an interim approach, a vendor was selected to repair cracking through arc welding.
- Current coordination with HDR regarding the materials and design
- Permanent repair/solution is the long term goal
